## SSAR Santhan : An Introduction

Society for Social Action and research (SSAR Sansthan) is specially committed to work for deprived class women and children's economic, educational health and mental development. Aim of organization is to awaken people toward economic development, because though India is mainly an agricultural oriented country but it has maximum number of poor, farmer and worker class According to a report, in India the people below poverty line not only have less income but do not even have access to the basic health facilities, only 15% of the target has been achieved in the agricultural sector so far.

Our effort is to generate awareness among people through our various program so that people can collectively empower themselves and can become sensitive towards health, education, environment and employment along with access to the schemes and resources of the nation.

People can understand their responsibilities and proceed for their self development. Our aim is to assist people as channel to provide a favourable atmosphere towards their development.

Organization is also

Chandauli, Azamgarh, Mau, Jaipur, Udaipur of State of Rasthan and Ider (Sabarkantha) district of Gujarat is included.

Various renowned scholars, education experts, administrative officers, social workers, doctors technical experts, environment experts, industrialists women and children are associate with the organization and are provided significant contribution in the working of our plans.

### Aim and objectives:-

1. To provide help and assistance to disabled, deprived and helpless people for their development.
2. To work for environment water conservation and cleanliness.
3. To encourage the programmes related to cottage industry, handy craft, health, education, entertainment, awareness for anti intoxication etc.
4. To provide the benefit of the different development plans to the children of poor class and organize training programmes.
5. Establishment of centers for training and short term courses for women and youths
6. To cooperate in state Govt.'s social welfare programmes like small savings schemes , family welfare health,

10. Awareness programmes (Seminars, Training, Test etc.)
